

RPM PHASE ONE

RPM Workforce Outreach Event

Wednesday, January 18th, 2023 | 4pm - 6pm

Harry S. Truman College (Auditorium & Main Lobby)
1145 West Wilson Ave., Chicago, IL 60640

2023 marks three years since construction began on the largest capital improvement project in CTA's history, the Red Purple Modernization (RPM) Phase One project. In anticipation of upcoming workforce needs, the Walsh-Fluor Design Build Team (WFDBT) will be hosting a workforce outreach event. Interested parties will meet WFDBT staff and WFDBT subcontractors to learn more about upcoming workforce opportunities on the RPM project and beyond. Opportunities will include Trade and Non-Trade positions.

Trade positions may include:

- Bricklayers
- Laborers
- Carpenters
- Operators
- Iron Workers (Local 1 or 63)
- Electricians (Local 9 or 134)

Non-Trade positions may include:

- Project Engineers
- Assistant Project Managers
- Project Managers
- Welders/Fabricators
- Security

Union card holder members are encouraged to attend. Non-card holders will also be able to network with union representatives and job assistance agencies and learn how to become eligible to work on construction projects throughout Chicago like RPM. This event is not a guarantee for employment but to inform attendees of potential job opportunities with select subcontractors working on the RPM project.

**Meet WFDBT Staff, WFDBT's
Subcontractors & CTA's
Workforce Partners**

Registration will be available onsite, but pre-registration is recommended. Visit <https://cta-walsh-fluor-workforce-event-jan-2023.eventbrite.com> to pre-register today.

Street parking is available in front of the main building entrance.

Public transit is an option via: CTA bus routes 36, 78, 81, CTA "L" Red and Purple Line trains to Wilson Station.
